---

### 1 Lecture Overview

This lecture reviews the content of the previous lesson, focusing on vocabulary, sentence structures, and the post-class cloze exercises.

The lecture covers English vocabulary practice, writing exercises, and reading comprehension activities.

The objective of this lecture is to enhance students' English expressive skills and expand their vocabulary base.

### 2 Lesson Structure

The lecture consists of three main parts:

- Reviewing (15 minutes): Review key content from the previous lesson, including vocabulary, phrases, and post-class exercises.
- Writing (30 minutes): Vocabulary reading and writing practice, followed by guided essay writing exercises.
- Reading (45 minutes): Reading English passages, answering comprehension questions, and developing reading comprehension skills.

### 3 Learning Outcomes

After the lecture, the student should be able to:

- Demonstrate basic comprehension of the English reading material.
- Acquire new vocabulary, grammatical structures, and an understanding of logical organization in writing.
- Demonstrate an appropriate level of spoken English proficiency.
